Junior Information

Here is some general information for juniors to think about as they progress through their third year of high school. That senior year is coming fast.

- Continue to work hard and do well in school. Take challenging classes and practice good study habits.
- Get involved in after school activities. Either school related or in the community. Consider community service opportunities.
- Attend meetings from college advisors as they visit the high school. Visit college campuses. Set up these visits through college admissions offices. Spring break is a great time to visit.
- Research colleges and career interests. Career Cruising is a great tool for this: www.careercruising.com.
- All Junior's will be taking the ACT in March. The ACT is used by colleges for admissions and course placement. A good prep tool for the ACT can be found at www.actstudent.org.
